Hi Doc.

just to tell you and confirm that [REDACTED] is really in RSA.

I have got info from one guy in Zambia that the man left zambia the same way as he want to do here. According to that guy [REDACTED] must be a nurse. He registreted himself as a medical doctor but when He has been discovered by people in the hospital where he was working , he left zambia when in tanzania and they he eard that he is here.

I don't know if he will come back. MUMI are fearing to be sent to the court. Apparently they didnot know that [REDACTED] was problematic. They are trusting even now that he is a neurochirgian. The CEO of group bazano phoned me from RSA on the problem and promised to send to me the general manager of MUMI to discuss on the matter. I just ask him to let the medical council to make thier job and will see the conclusion .

The Katanga medical council is also working on.

Let's see

regards

Peniel
